# Kush Dhingra

**Kota, Rajasthan, India**
**Email**: kushdhingra3112@gmail.com
**Portfolio**: kushs.dev

## Profile

A dedicated and innovative software developer with proficiency in Python, TypeScript, and Go, specializing in full-stack development and data analysis. Experienced with frameworks like Next.js, React, Solid, FastAPI, Express, Flask, and Selenium, delivering scalable, user-focused applications with clean, maintainable code. Skilled in leveraging Pandas for data analysis to extract meaningful insights. Proficient in version control with Git and GitHub, and containerization with Docker and Docker Compose for streamlined development and deployment. Passionate about creating intuitive UI/UX designs and thriving in dynamic, collaborative environments.

## Technical Skills

- **Languages**: Python, TypeScript, Go, JavaScript
- **Frameworks & Libraries**: Next.js, React, Solid, FastAPI, Express, Flask, Selenium, Pandas
- **Databases**: PostgreSQL, SQLite
- **DevOps & Tools**: Git, GitHub, Docker, Docker Compose
- **Design Tools**: Figma
- **Web Development**: UI/UX Design, Responsive Design, RESTful APIs
- **Other**: Data Analysis, Web Scraping, Automation

## Certifications

- Web Development – Dr. Angela Yu (London App Brewery)
- Python Development – Dr. Angela Yu (London App Brewery)

## Hobbies & Interests

- Coding, UI/UX Design, Hackathons
- Data Analysis, Exploring New Technologies
- Reading Tech Blogs, Playing Chess
